

THE RIDE OF OUR LIVES

Based on his book by the same title, *THE RIDE OF OUR LIVES* tells the story of an extraordinary journey into a family's past and into our hearts and minds. Mike

Leonard wanted to take the idea of a family reunion to a new dimension, and indeed he did. He took a break from his job with NBC News, rounded up his 87-year-old father, Jack, mother Marge, three of his grown kids and a daughter-in-law and rented a pair of RV's for a month. Not to be mistaken for a travel series or an RV adventure, this series is a trip through a family's history and an adventure of the human spirit. It's a real-life comedy! Join us on **Tuesdays at 9:30 PM** for this interesting road trip.

KSMQ

BEYOND TELEVISION ... INFINITE POSSIBILITIES ...

PIONEERS OF TELEVISION

Nearly 100 stars from television's formative years bring their stories to PBS in a revealing four-part documentary series, *PIONEERS OF TELEVISION*. Each special — featuring sitcoms, late-night, variety and game shows — melds compelling new interviews with archival clips to offer a fresh take on television's first celebrities. These landmark one-hour specials tell fascinating stories, reveal never-before-seen images and showcase timeless clips that still entertain decades later. Enjoy some television history on **Sunday evenings at 9:00PM**

beginning on July 13th.

ONE ON ONE W/SSR

Happy Days are here again when KSMQ President and CEO Sandra Session-Robertson interviews Marion Ross, alias Mrs. Cunningham, from the hit TV series, *Happy Days*. Listen in as she shares her fond memories of growing up in Albert Lea, Minnesota, and talks about the good times with the *Happy Days*' cast. You won't want to miss this one on **Friday July 25th at 6:30 PM!**

GERMANS IN AMERICA

In a four-part television series, *GERMANS IN AMERICA* recounts the story of German immigrants to the United States, using gripping stories about naive settlers and successful farmers, about devout free-thinkers and political refugees, about the heyday of the German-language press in America, and about the founders of industrial dynasties in the new homeland. 60 million Americans have their origins in German-speaking countries. As America's largest ethnic group, the Germans made a significant mark on America's cultural, business, and public life for centuries, until their identity fell victim to

feelings of shame and repression during and after two World Wars. But their achievements are still the basis for much of American culture. Location shooting, archival footage, the descendants of immigrants, and carefully done historical recreation bring German-American history to life. **Tune in on Thursdays, beginning July 17th at 8:00 PM** for this four-part special!

Americanos Connections

KSMQ is celebrating Latino/Hispanic American culture in this region with a new series, *AMERICANOS CONNECTION*, which airs **Fridays at 8:30 PM starting July 11**. Join us as we highlight the contributions, life experiences, and priorities of the Latino/Hispanic community in an effort to help bridge relationships between cultures, and to celebrate our region's growing diversity. Tune in on **Fridays at 8:30 PM**.
